The A-MAZE-ing Cache Game!

Help the cacher find his way through the maze to the cache on the other end.
Start here!

Smiley or Frowny?

Read the following stories. Circle the smiley next to the good ideas and circle the frowny next to the bad ideas

You go caching by yourself and don't tell anyone where you're going or when to expect you back.

You mark a waypoint for your car before heading into the woods to find a cache.

On the way back from a cache you stop to pick up some trash and throw it away.

You put a pocket knife in a cache as a trade item.

You find a cache that's wet inside and spend some time drying it out.

Color Your Own Cache!
