

GEOCACHER UNIVERSITY

Student and Faculty ID Cards

Obviously these are just for fun, but just think of the fun you'll have when you present yours at the next event or—better yet—present one to a friend at the next event!

Each ID card comes with forms for entering the school year and name of the recipient. You can also choose a variety of Majors and Departments from the dropdown menus or enter one of your own. Unfortunately, .pdf formatting does not support pasting in photos, but with a little creativity the **Geocacher University** crest can be covered up with a photo after printing. As with other designs, print your cards out, cut along the lines and fold. Laminating would also be a great idea.
